
About the Artist

Jurek Jakowicz was born in Poland and raised in the city of Lodz. His study included traditional European sculpting, drawing, painting, photography, art history, and architectural design.

He received his formal education in art from the Government College of Art and from the University of Lodz. In 1985, Jurek came to the United States and has made South Dakota his home.

Jurek specializes in custom bronze sculptures, bas relief sculptures, commemorative coins/medallions, portraits, memorials and other commissioned projects.

He uses a variety of art techniques, metals, granite and other media; with exceptional attention to detail and classical approach.
